Durham and Newcastle Association of Change Ringers
Members who fell during the First World War, 1914 - 1919

NB: Ringers are listed in order by their 'home' tower , according to the plaque in Newcastle Cathedral. Information has been cross-referenced between the Cathedral plaque, the Central Council Rolls of Honour (http://cccbr.org.uk/rolls/) and the Commonwealth War Graves Commission database (http://www.cwgc.org). The web links for each individual take you to their record on the CWGC website, where the information about the location of their grave can be found. A commemorative certificate for each individual can also be downloaded from this site. Many thanks to Yvonne Cairns for her help in researching additional information.
